

# Workload Management: How do I add a torque job submission host?

There are instructions for this at

<http://kb.brightcomputing.com/faq/index.php?action=artikel&id=30>

The official TORQUE instructions to configure a submit node are at:

<http://www.clusterresources.com/torquedocs/1.3advconfig.shtml#jobsubmithosts>

Unique solution ID: #1049
